August 10, 2016

Dear Parents and Caregivers:

This past week the State Department of Education released the spring 2016 LEAP English Language Arts and Math results. Last spring, all Louisiana public school students in grades three through eight participated in the LEAP. I am pleased to let you know that the St. Tammany Parish Public School System continues to be a top performing district. This is the result of hard work and commitment by students, parents, teachers and administrators.

You are able to view your child's LEAP scores immediately by logging into the Student Progress Center. There are links to this on your school website, the STPPS app, and our district website at stpsb.org. We will also send home a paper copy of the scores with students on August 25th. Below is the state Department of Education's website link that includes resources for parents, such as a guide to the 2016 LEAP results.

Our ultimate goal is to ensure that all St. Tammany Parish Public School System students are prepared for college and career readiness. The LEAP is one tool teachers use to help measure progress. In St. Tammany Parish, we realize that our schools and students are about much more than just a letter grade or a test score. We will continue to educate and care for all students to live out our mission of educating *Every Child, Every Day*. Thank you for your continued support of the St. Tammany Parish Public School System.

Sincerely,

W. L. "Trey" Folsé, III
Superintendent
